PROFESSIONAL SUMMARY

Flutter developer with a strong foundation in Dart and cross-platform mobile development. Skilled in UI/UX design, state management, and integrating APIs. I am passionate about building high-performance applications and eager to contribute to innovative projects.

EXPERIENCE AND PROJECTS

Food Delivery App (Flutter & Firebase) GitHub

- Developed a cross-platform mobile application for food delivery using Flutter and Firebase.
- Enabled users to browse food items by categories, add to cart, and complete a checkout process.
- Implemented user authentication, order tracking, and profile management functionalities.
- Designed the app with both light and dark theme support for a better user experience.
- Utilized the Provider package for clean and efficient state management.
- Created a payment UI interface (backend integration pending).

Flutter Notes App GitHub

- Note Management: Create, edit, and delete notes with color customization.
- Localization: Multi-language support for a global audience.
- Responsive Design: Adaptive UI for various devices.
- Database Integration: Persistent storage with SQLite.
- Modern Flutter Practices: Utilized the latest APIs and best practices.

These projects highlight my skills in building scalable and user-friendly mobile applications with Flutter.

TECHNICAL SKILLS

- Programming Languages: Dart, C++, Java, PHP, HTML
- Database: SQLite, Firebase, MYSQL
- Webservices: JSON, REST API
- Flutter, Laravel, Bootstrap
- IDEs: Android Studio, Visual Studio, VS Code, Cursor
- Figma and UI/UX Design
- Debugging and Troubleshooting
- Version Control: Git & GitHub
- Firebase, Geo Locator, Google Maps
- Experienced in AI Tools
- state management: Provider, GetX

PERSONAL SKILLS

- Problem Solving
- Attention to Detail
- Adaptability
- Team Collaboration
- Time Management

CERTIFICATIONS

- Mobile application development (Flutter) from EFE-Jordan
- Completed a full Flutter development course by Wail Abu Hamza, covering state management (Provider, GetX), Firebase integration, and UI/UX best practices.

EDUCATION

Bachelor of Computer Information Systems, Mutah University — GPA: 82.06 (Feb 2021 – Jun 2024)
